

Kickstarting the New Year at Our Annual Sales Meeting

At the beginning of the new year, our company hosted its regular annual sales meeting, bringing together our internal and external sales teams.

This year, we were delighted to welcome representatives from Mouldex, Sweden, Mariocon, Finland, Elyotec from France, MTG Esti from Estonia and Timber Processing Specialist from South Africa. Further on our colleagues from LMA and Ledinek-TEC and our entire in-house sales team were also in attendance.

The conference was an opportunity to reflect on last year's achievements, recognize key challenges, and align our plans for the year ahead.

Robert Mlinarič, CSO highlighted: Last year's success is the result of strong collaboration, trust, and a shared focus on our customers.

As we face new challenges, staying connected, adaptable, and committed to delivering high-quality solutions that create lasting value for our partners is more important than ever.

Project managers, service department representatives, and colleagues from other teams joined the conference as well, reinforcing the fact that success is always a team effort. By working together across all departments, we can achieve our ultimate goal—a satisfied customer..
