

Opportunities like this do not come along every day

Ledinek is developing a true game-changer in CLT/GLT combi lines.

Built from reliable, proven, and robust key machines, this line can outperform competing solutions by far — in performance, product quality, flexibility, and price.

Kontizink finger jointer up to 30.000 m³/shift <https://www.ledinek.com/kontizink-h-2400>

X-Press 12 up to 25.000 m³/shift <https://www.ledinek.com/x-press>
